

Happy Camper Bottle Firefly Instructions

Supplies*:

- Green 16.9 oz soda bottle
- Black paint
- Small yellow pom poms
- Yellow paint
- Pipe cleaners
- Cardboard
- Utility knife
- Glow stick
- Hot glue gun

Directions:

1. Remove the label of the empty green 16.9 oz soda bottle.
2. Paint the cap black.
3. Attach two yellow pom poms to the cap with hot glue.
4. Wrap and tie a pipe cleaner around the neck of the bottle. Twist both ends into an antenna.
5. Cut a black pipe cleaner into three pieces. Apply hot glue to the center of the section and attach them, spaced evenly apart, to the bottom of the bottle. Fold the ends of each piece down to form the legs.
6. Cut wings out of cardboard. Paint the wings yellow and attach them to the top of the bottle with hot glue.
7. Activate a glow stick and insert into the bottle to complete the firefly.

*Remember, these are only suggestions. This project should be fun and creative, so use supplies you have on hand for substitutions.
